

WÜRTH Industrie Service

# W-KLT<sup>®</sup> 2.0 6429

## THE NEW XXL BIN

**NEW:  
THE LARGEST  
OF ITS CLASS.**

## DIRECTLY. SAFELY. COMFORTABLE.

C-Parts management is more than just delivery. It is about designing processes more efficiently, a digital and transparent data management, the individualisation of systems and the development of innovative and sustainable technology. This is precisely where the products and systems of Würth Industrie Service come in.

**The new XXL bin W-KLT®2.0 6429 has the largest volume compared to the existing W-KLT®2.0 (Würth small load carrier 2.0), which is based on the VDA standard.**

The W-KLT®2.0 6429 fits in all existing bin sizes of the W-KLT®2.0 (2115, 4315, 4115). In addition, the bin scores with a particularly large side flap for the direct removal of the items from the shelf without having to remove the bin.

This enables you to save time and facilitates the handling of large-volume items.

### Overview of all available bin sizes

Bin size	Exterior dimensions <small>LxBxH (mm)</small>	Internal dimensions <small>LxB (mm)</small>	Volume (l)
W-KLT®2.0 XS*	100 x 70 x 60	90 x 60	0.4
W-KLT®2.0 S*	140 x 110 x 60	100 x 90	0.9
W-KLT®2.0 2115	200 x 150 x 150	160 x 120	2.5
W-KLT®2.0 3215	300 x 200 x 150	260 x 170	5.3
W-KLT®2.0 4315	400 x 300 x 150	340 x 270	10
W-KLT®2.0 4115	400 x 150 x 150	360 x 120	5.3
W-KLT®2.0 6429 <b>NEW</b>	600 x 400 x 290	540 x 270	48

\*lid included

## **W-KLT®2.0 6429 – YOUR BENEFITS**

**The largest bin of its class – compatible and comfortable at the same time.**

- **Flexible applications (on the shelf, on a pallet, stacked, in Kanban system)**
- **Compatible with your existing W-KLT®2.0 bins**
- **Especially suitable for large-volume items, maximum load capacity 23.5 kg**
- **Items can be placed upright in the bin (e.g., washers)**
- **Free and optimized access thanks to a wide, stepless side flap**
- **Optimum utilization of space – filling in the stacked state by side flap possible**
- **Reduced cycle times – elimination of redundant paths and costly time**
- **FIFO possible on a pallet location**
